Certificate of Authenticity

A Celebratory Gift for a Valued Customer

CASA archive photograph: one Eimac 450TL valve, with coin for scale

EIMAC
450TL

Power Triode

A classic high power triode, renowned for its robustness, stability and outstanding performance in broadcast, communications and specialised RF applications.

- **Manufacturer:** Eimac
- **Model:** 450TL
- **Type:** Power Triode
- **Origin:** USA
- **Era:** 1960s - 1990s

This certificate is issued as a token of appreciation for your purchase of eight (8) genuine Eimac 450TL tubes.

While the original factory warranty expired over 30 years ago, their enduring quality speaks for itself.

NON-WARRANTY NOTICE

This commemorative certificate is not a manufacturer document and gives no warranty, guarantee of condition, remaining life or performance, express or implied.

Identification is based on the seller description, supplied Eimac markings and original cartons; the reference photograph depicts one representative valve, not all eight individually.

Enjoy your Eimac 450TL valves!
