HIGH-POWER TRANSMITTING TRIODE

Celebrating the safe arrival in the United States of eight (8) tubes

ORIGINAL CASA REFERENCE IMAGE
CASA archive: 450TL-Eimac_016.JPG

One tube shown; not all eight.

THE COMMEMORATED ACQUISITION

Presented as a celebratory gift to the purchaser in recognition of the acquisition of eight (8) Eimac 450TL tubes, now reported safely arrived in the United States.

MANUFACTURER	Eimac (USA)
MODEL	450TL
TYPE	High-power transmitting triode
QUANTITY	Eight (8) tubes
VISIBLE MARKING	Eimac / 450TL; U.S.A. origin marking

REFERENCE IMAGE & SCOPE

The original CASA photograph (archive file 450TL-Eimac_016.JPG) reproduced here shows one Eimac-branded tube bearing the 450TL model marking, with a U.S.A. origin marking visible. It serves as a model-identification reference; it is not a photograph of all eight items.

This commemorative, seller-issued document records the acquisition and seller's model identification. It is not issued by Eimac and is not an independent inspection or serial-number authentication of each tube.
