### QUIET PRINTING

With the  
**Panasonic**  
**KX-P3626**

**Wide Carriage**  
**Dot Matrix Printer**

Conversations need not stop while this printer churns through your reports/invoices.

Additional to its superior quiet mode the KX-P3626 features 6 internal scalable fonts, 11 bitmap fonts and a long life ribbon.

Ideal for a busy office, and capable of printing multipart stationery; the KX-P3626 will humm quietly in the background.

### C.Itoh Quality heavy-duty impact printers.

The fast and efficient CI-5000 dot matrix printer is built for reliability. The tough 18-wire printhead is rated at 500 million characters, and prints up to 500 every second.

The range of flatbed dot matrix printers are designed with jam-free operation in mind. They provide a solution for unattended printing without the worry of jams or misfeeds.

C.Itoh is best known for its industrial-strength line printers which handle the most voluminous needs with ease.

MEC has the most experienced service team for the C.Itoh range of printers in the country. We have a full range of service contracts and a network of service agents throughout the country to provide the support you need, where you need it.

### The Panasonic Panaflat TFT LCD Displays

**Winner PC World Editors  
Choice Nov'98 and July'99**

Panasonic now offer state of  
the art active TFT LCD's.

Panasonic Panaflat LCD  
monitors save on valuable  
desk space with their **small  
footprint**. The LC50S with  
built in speakers and USB hub  
measures in at **20cm deep by  
26.6cm wide**.

The size, low heat  
dissipation, and single-  
voltage DC power supply also  
makes the LC50S ideal for  
installation into mobile and  
marine environments.  
Installation is easy, with a  
standard SVGA connection.  
No special hardware or

### JR Inkjet Refills

Designed to refill most colour or black & white inkjet cartridges on the market. JR makes the cost of printing on an inkjet printer affordable.

The JR Inkjet Refill is easy to use, very economical, and will fill most tri-colour cartridges twice or more. The ink is high quality, and extra refined. The high density colour inks will produce vibrant photorealistic colour images, or crisp black and white text. The kits are safe, clean and versatile -

## "SuperDisk" LS-120 Technology

*LS-120 technology provides 120MB storage capacity in a format that is easy-to-use, fast and compatible with standard 3.5" HD and DD diskettes.*

### Features:

- Preserves existing investment - reads and writes to DD, HD and LS-120 diskettes.
- Access to existing files - maintain existing diskette library.
- Greater compatibility - share diskettes with other computers.
- No need for two drives - one drive does it all.
- IDE interface and faster rotational speed means even existing diskettes are read and written faster.

### Notes:

*All prices exclude Goods and Services Tax (GST)  
All prices subject to change without prior notice

### GENUINE CONSUMABLES AVAILABLE HERE

**Protect your investment and your warranty by always using genuine ribbons and laser consumables.**

The ink used in ribbon cartridges is critical to ensure proper lubrication to the printhead. Non-genuine ribbons often will not have the appropriate lubrication, if any. Third party toner uses generic toner not designed for the printer, which often will damage other consumables in the printer, particularly the fuser unit. Third party ribbons and alternate laser consumables are unknown entities. The genuine manufactured consumables are tested and proven. The small difference you pay in price is more than offset by the confidence you'll feel knowing that you are protecting your customers' printer investment.

**Notes:**

All prices exclude Goods and Services Tax (GST)

**To South Island**

Two Working Days

Two Working Days

Saturday delivery is available to some destinations at a small extra cost. Please contact MEC Customer Services for details.

**3. RETURN OF GOODS****NON FAULTY PRODUCT RETURNS**

(Product has been incorrectly ordered, or incorrectly supplied)

To return a non-faulty product you should :-

Contact MEC Customer Services WITHIN 14 DAYS OF INVOICE DATE, and obtain a Return Authorisation Number (RA).

Return the product to MEC Warehouse in AUCKLAND WITHIN 7 DAYS OF THE RA BEING ISSUED. You should arrange and pay for shipping the goods to our warehouse. All original packaging and standard accessories must be returned with the product.

Note that there will be a minimum \$30, or 10% restocking fee applied (whichever is the greater) except where MEC has incorrectly processed your order.

**As you will understand we can only accept product returns which are unopened and in pristine condition.**

**FAULTY PRODUCT RETURNS**

**Where goods are suspected of being faulty, you should :-**

Contact MEC Technical Support in Auckland, and discuss the problem. Our technicians will advise you how to test if the product is truly faulty, and if this is established, we will issue an authorisation number to return the goods.

**When an RA is authorised for faulty product :-**

Please return the faulty product to MEC with the RA number clearly written on the sticky label on the outside of the carton, WITHIN SEVEN DAYS. Please pack the product carefully to prevent damage, preferably in the original packaging.

**Please understand that if the RA number cannot be identified we will return the product to you immediately at your expense.**

**UNDER NO CIRCUMSTANCES WILL ANY PRODUCT BE ACCEPTED FOR RETURN UNLESS A RETURN AUTHORISATION NUMBER (RA) HAS BEEN AUTHORISED AND ISSUED**

**4. IMPORTANT NOTES**

In placing an order please note the following extract from MEC's terms and conditions of sale on the reverse of MEC invoices:

***"8. SUPPLY FOR BUSINESS PURPOSES***

*Where this agreement would otherwise be subject to the provisions of the Consumer Guarantees Act 1993 and where such supply is a supply for business purposes the Buyer agrees that the goods are supplied to the Buyer for business purposes in terms of sections 2 and 43 of the Consumer Guarantees Act 1993 and that the provisions of the Consumer Guarantees Act 1993 do not apply to the supply to the Buyer. Such a Buyer is not a Consumer for the purpose of these Terms and Conditions."*

Considerable care has been taken in the preparation of this pricelist to avoid errors and omissions. However, even with the greatest care inaccuracies may occur. MEC Distributors Ltd cannot accept responsibility for such errors or omissions. We would however appreciate advice should any be discovered.

All prices are correct at the time of printing, but are subject to change without prior notice. In particular, currency exchange rate fluctuations may lead to changes in the prices of goods sourced outside New Zealand.

We suggest you contact your Account Manager or MEC Customer Service to confirm pricing when tendering for major contracts.

This price list is Confidential. Its contents should not be disclosed to anyone other than your dealer personnel.
