

## L675C

Panel fuseholder, barrier and panel sealed for size 20 × 5 mm fuse links

A rugged fuseholder with the same specification and style as L675 but designed to accept 20 × 5 mm fuse links.

<b>Current rating:</b>	2 A (Temperature rise $\leq 40^{\circ}\text{C}$ )
<b>Breakdown voltage (d.c.):</b>	$>9$ kV (sea level)
<b>Temperature range:</b>	$-55^{\circ}\text{C}$ to $+70^{\circ}\text{C}$ (ambient)
<b>Insertion resistance:</b>	5 milliohms (average)
<b>Insulation resistance:</b>	$\geq 100$ megohms
<b>Panel thickness:</b>	3,8 mm
<b>Fixing torque (maximum):</b>	0,62 Nm
<b>Humidity:</b>	H5
<b>Materials:</b>	Moulding, Phenolic
<b>Weight:</b>	13,7 g
