

648T PRESET TIMER SERIES

Installation and consumer operating instructions for CAT 648T Preset Timers.

FEATURES

Your PDL preset timer is an electronic device which enables your appliances to be run without the potential for wastage of power or the danger of leaving an appliance on for advanced periods of time. The timer has an easy to use face with clear identification marks. This unit also has the reliability and dependability of electronic components designed by PDL.

OPERATING INSTRUCTIONS

- 1 Press the ON button to activate the unit. Check the indicator has changed from black to red.
- 2 The unit will be activated for the time prescribed.
- 3 The unit will deactivate at the end of its prescribed time.
- 4 The unit can be deactivated at any time by pressing the OFF button then reset for the full preset time by pressing the ON button

INSTALLATION INSTRUCTIONS

Before wiring, ensure the supply is disconnected at the distribution board and study the connection diagram before terminating wires. Be careful not to connect the supply line to any terminal other than indicated in the diagram and on the product. **This unit must not be wired in parallel with any other circuit as back feeding problems may occur.**

PRODUCT WARRANTY/12 MONTHS

The PDL 648T Timer has a 12-month warranty from the date of purchase providing the unit is installed according to these instructions, local wiring regulations and Codes of Practice. This warranty is void on any unit which has been tampered with, damaged by accident, improper operation or incorrect installation.

This guarantee is in addition to, and does not in any way affect the rights under the Consumer Guarantees Act 1993, if the ACT applies to the supply of this product and you are not acquiring the product for a business use. If the ACT applies and any term is inconsistent with the terms or requirements of the ACT that term shall be invalid without affecting the remaining terms of the warranty.

Note: Under the CGA 1993, Schneider Electric advises that this product does not contain user serviceable components thus spare parts and repair facilities are not available.

In the event of a warranty claim, the product must be returned to the point of purchase or direct to Australia/New Zealand distributors together with the proof of purchase.
