LIST OF SERVICE TYPE & REFERENCE NUMBERS  
FOR MARCONI INSTRUMENTS

The following list relates Service type numbers to Marconi Instruments type numbers:-

| <u>Type Number</u> | <u>Description</u>                    | <u>Reference Number</u>           | <u>Designation</u>                      |
|--------------------|---------------------------------------|-----------------------------------|-----------------------------------------|
| OA 161             | U.H.F. Signal Generator and Modulator | WY.0066                           | Signal Generator No. 5 Mark II          |
| OA 161A            | U.H.F. Signal Generator and Modulator | WY.0216                           | Signal Generator No. 5 Mark II          |
| OA 161B            | U.H.F. Signal Generator and Modulator | WY.0266                           | Signal Generator No. 5 Mark II          |
| OA 161D            | U.H.F. Signal Generator and Modulator | WY.0564                           | Signal Generator No. 5 Mark II          |
| OA 164             | TR.3017 Beacon                        | 10DB/500                          | Transmitter/Receiver type TR.3107A      |
| OA 164A            | TR.3017 Beacon                        | 10DB/1285                         | Transmitter/Receiver type TR.3107B      |
| OA 167A            | Polar Diagram Test Set                | 10SB/118                          | Test Set type 81                        |
| OA 175             | Aerial Impedance Matching Set         | 10KF/532                          | Test Set type 128                       |
| OA 175A            | Aerial Impedance Matching Set         | 10SB/6008                         | Test Set type 207                       |
| OA 197             |                                       |                                   | Calibrator Output Signal Generator No.1 |
| TME 1              | Frequency Measuring Equipment         | WY.0098                           | Wave Meter Standard No. 1               |
| TME 1              | Frequency Measuring Equipment         | 10T/33                            | Wave Meter type W.1193                  |
| TME 1              | Frequency Measuring Equipment         | 10T/689                           | Wave Meter type W.1193A                 |
| TME 2              | Frequency Measuring Equipment         | 10D/CA/672                        | Frequency Measuring Equipment           |
| TME 18             | Field Strength Measuring Equipment    | 10S/558                           | Test Set type 29                        |
| TF 142E            | Distortion Factor Meter               | 10S/74                            | Test Set type 35                        |
| TF 142F            | Distortion Factor Meter               | 10S/17639<br>6625-99-944-<br>7661 | Indicator Distortion                    |
| TF 144F            | Standard Signal Generator             | WY.0063                           | Signal Generator No. 1 Mark I           |
| TF 144G            | Standard Signal Generator             | (WY.0062<br>(WY.0268              | Signal Generator No. 1 Mark II          |
