

- Digital laser copier
- Fast printing at 22 pages per minute
- Plain paper laser fax
- High resolution scanning
- Duplex printing/copying (GP 225 only)
- Multi-page enlargement up to 16 A3 sheets
- SURF technology saves time and energy
- Easy network connectivity
- Multi-job control from every PC
- Ideal for people working in teams

### **Complete document control**

The format of the GP 220/225 is designed to match the specific requirements of small work groups. This is achieved via the incorporation of a network laser printer, an advanced laser fax machine and a stand-alone scanner. Making the GP 220/225 a truly multi-functional business machine at the forefront of integrated document creation and management.

## Specifications GP 220/225

- Type:** Desktop
- Copying system:** Laser dry electrostatic transfer system
- Platen:** Fixed
- Acceptable originals:** Sheets, books and three-dimensional objects (up to 2 kg)
- Maximum original size:** A3
- Copy sizes:** *Cassette:* A3-A5  
*Manual:* A3-A6 (postcards)
- Resolution:** 600 dpi, 256 tones  
1200 x 600 dpi with automatic smoothing
- Zoom:** 25-800% (in 1% increments)
- Copy speed:** 22/A4, 12/A3 ppm
- First copy time:** Minimum mode 9.2 seconds (1:1, A4)
- Warm-up-time:** 8.6 seconds (start)  
7.9 seconds (sleep status)
- Multiple copies:** 1 to 100
- Dimensions (W x D x H):** *Main unit:* 585 x 700 x 571 mm  
*Main unit + pedestal:* 585 x 700 x 1,023 mm
- Weight:** 72.4 kg (with platen cover)
- Power consumption:** 1.5 kW
- Fixing System:** Heat Fixing (SURF method)
- Paper:** *Dual Cassettes:* 64 to 80 g/m<sup>2</sup>  
*Stack by-pass:* 64 to 128 g/m<sup>2</sup>
- Input paper capacity:** *Dual cassettes:* 500 sheets each, 80 g/m<sup>2</sup>  
*Stack by-pass:* 50 sheets, 80 g/m<sup>2</sup>
- Duplex:** Standard\*

\* duplexing is not available on GP 220

### Options:

- ① RDF-G1 ② ADF-F1 ③ Cassette Feeding Unit-L1 (4 x 500 sheets)  
④ Cassette Feeding Unit-M1 (2 x 500 sheets) • Pedestal  
⑤ Multi-output Tray-C1 • Multi-output Tray-B2  
⑥ Stapler Sorter-M1 ⑦ Multi-output Tray-B3 • Image Editing Unit-C1  
• Image creation Board-B1 • Control Card V

### Optional System Functions:

- Printer function:** *PDL Boards:* PCL® 5e; PS/PCL (Postscript® level 3)  
• *Resolution:* 600 dpi, 256 grey scales; 2400 x 600 dpi with smoothing  
• *Ram:* 32 MB (64 MB max.) • 3.2 GB Hard disk • *Speed:* 22 ppm  
• *Paper size:* up to A3 • *Duplex printing:* yes\*  
• Ethernet (10/100 BaseT, 10 Base 2) • Token Ring (option)

- Fax function:** *Group:* G3 • *Modem speed:* 14.4 kbps  
• *Transmission speed:* 6 sec./page • *Image mode:* Standard, Fine, Superfine, Ultrafine • *Memory:* 1 MB (10 MB max.)  
• *Paper size:* A3, A4; duplex sending and receiving

- Scanning function:** *Board:* SCSI • *Resolution:* 150 dpi - 600 dpi  
• *Memory:* 5 MB (10 MB max.)

#### **Network control**

Teamwork is a condition for success in modern business practice. The advanced networking capabilities of the GP 220/225 will give your team a leading edge when it comes to integrated document management. Easy to use, flexible and efficient, the modular design of this multi-functional business machine places every digital need on your desktop. Multi-job control makes simultaneous working the norm.

#### **Premium quality printing**

The GP 220/225's high definition of 600 dpi and 256 tones provides you printouts with both depth and clarity. Canon's smoothing technology also gives quality images of 2400 x 600 dpi resolution. The GP 225 has a two-side printing facility built in as standard while both the GP 220 and the GP 225 can come complete with automatic paper output facilities such as a 10 bin stapler/sorter. You can also customise your machine with such conveniences as an Automatic Document Feeder and a Multi-Output tray.

#### **Speedy and efficient copying**

The GP 220/225 provides consistently sharp copies at 22 pages per minute. Productivity is further optimised by Canon's unique Surface Rapid Fusing technology (SURF). Offering minimal warm-up times, automatic switch-off and instant reactivation. Saving you and your team both time and money. The zoom ratio extends from 25% to 800% in 1% increments while multi-page enlargement allows an image to be extended up to 16 A3 sheets.

#### **The finishing touches**

An impressive range of accessories for enhancing digital image manipulation is available. An Image Creation Board offers the possibility of shading, marking, outlining and editing patterns that can then be added to your documents. While an Editor allows you to edit zones of a document for transfer or deletion.

---

### **Quality and affordability**

The GP 220/225 offers you the chance to benefit from the latest digital technologies in one business machine. Enhanced quality, productivity and versatility bring superior digital copying to your office environment at a genuinely affordable price. And a great deal more besides.

### **Fast and flexible Faxing**

Press a button and the GP 220/225 becomes an advanced laser fax machine. Send or receive documents at approximately six seconds per A4 page, with the unique benefits of two-sided printing to boot (GP 225). Or add in a printer board and send faxes direct from your PC. Again, all faxes are printed at a high resolution of up to 600 dpi. And incoming/outgoing pages can be stored in the machine for future reference.

### **High resolution Scanning**

The GP 220/225 provides you with optional stand-alone scanning at 600 dpi resolution quality. That means you can scan books, high quality photographs, drawings and diagrams to give your documents and presentations extra impact. Add in the optional Automatic Document Feeder and you can even scan a stack of pages. The GP 220/225 can handle all your needs for transferring hardcopy into digital information.
