

Discontinued and Superseded Stock Number History.

This document contains Discontinued and Superseded Stock Number History.

The information is listed in the following format:

Stock Number: The original RS Stock Number of the item.

Brief Description: The Invoice Description of the item.

No further information: Means that the item has been discontinued.

Further Stock Number: The RS Stock Number of the replacement item.

How to use the listing:

Select the Spyglass Button from the menu at the top of the screen.

Enter the RS Stock Number into the Search window, **Remembering** to insert the **Hyphen**.

If the Stock Number is in the list it will be found, and highlighted.

If the highlighted line contains another Stock Number make another Search on this new Stock Number.

If it does not appear again in the list, return to the Main Catalogue and enter the Stock Number into the Stock Number Search to find the product.
