Power to deliver

PIXMA For Work Range Guide

✄ PIXMA

Value the way you work – and save time and money

Work the way that suits your business and deliver outstanding professional results, every time, with this stylish range of inkjet printers. Built with Canon's market-leading technology and passion for imaging excellence, these devices will boost your productivity and cut costs.

Duplex ADF   **Auto Duplex Print**   **2-way**

Double the benefits with high-speed document handling

Work more efficiently and save time, with automatic scanning, copying or faxing of double-sided documents. The fully-integrated Duplex Automatic Document Feeder (ADF) takes up to 35 sheets, useful for handling batch jobs and long documents. You can also save paper costs by using Auto Duplex Printing to produce double-sided documents. With two-way paper feeding you can load different types of media at the same time – such as plain and photo paper – to ensure the best result for every document.

FastFront

Designed for easy maintenance

Canon's FastFront design makes space for your All-In-One in even the busiest office. Paper and ink cartridges are loaded from the front, so it's possible to place the device where it's most convenient for you – close to a wall or even on a shelf. It also makes maintenance easier for great quality output, time after time.

Great value for money

Canon XL ink cartridges are perfect for people who print a lot. XL ink cartridges let you print up to 3 times more pages than standard cartridges (page yield of up to 600 pages) whilst offering 50% cost savings per page*. As a result, people who use XL cartridges will need to change their cartridges less frequently and will also benefit from significant cost savings.

Dual Function Panel **Quick Operation**

Easy-to-use, every time

Be more productive and faster thanks to the clear, Dual Function Panel, which features LED-lit dual purpose keys. These keys change appearance according to the mode selected, reducing the number of physical keys on the product. Quick Operation also gives you a shorter route to those services you use often. For example, it takes just two simple steps to print a client brief from a memory card.

SAVE 50% PER PAGE*

XL cartridges save you more

Canon

PRINT speeds
ISO ipm

Impressive speeds, measured to international standards

Canon uses international standards established by ISO (International Organisation for Standardisation) to measure print and copy speeds. This enables you to accurately compare performance and select the device that most suits your business needs. The PIXMA range offers print speeds up to 12.5 ipm mono or 9.3 ipm colour, with A4 copying in as little as 14 seconds.

---

*Based on Canon RSP, compared to equivalent standard Canon cartridge in that category, using ISO/IEC24712 and 24711 inkjet page yield standard.

Easy-WebPrint EX

PDF

Improve document control

Save time and paper by only printing what you need from the web. Easy-WebPrint EX enables you to clip content from several sites and combine it to create a new document that you can print out. It is a very efficient way to gather information to share with colleagues and clients. The Automatic Document Feeder simplifies archiving, while you can add passwords to PDF files for greater security. To take documents with you, simply scan them direct to USB or memory card.

FAX

Fast, cost-effective faxing

Super G3 faxing is fast and reliable. Print costs can be reduced by saving incoming faxes to memory, or USB, so they can be viewed without printing. Fax number re-entry helps prevent confidential faxes from being sent to the wrong number. You can also control who you receive faxes from by using the fax reception reject function.

Auto Document Fix

Outstanding quality that's clear to see

Improve the quality of scanned documents with Auto Document Fix, which cleans up scans and delivers beautiful, easy-to-view results. The Auto Document Fix feature helps to deliver easy-to-view scan results by sharpening and blackening document text. When scanning documents, such as magazines or newspapers, Auto Document Fix removes the background and the show-through from the other side of the page.

Without Auto Document Fix
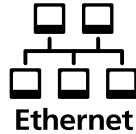

With Auto Document Fix*

ECO Settings

Go green and save

A variety of eco-friendly features help you save money and meet your environmental responsibilities. ECO settings show you the CO_2 and paper savings made when using double-sided printing and copying. Auto Power Off is not applicable to MX series. Quiet Mode significantly reduces operating noise.

Connectivity

PIXMA Cloud Link

Google
Cloud Print Ready

b g **Wi-Fi** n
CERTIFIED®

Mobile Printing

AirPrint

Enjoy the freedom of the cloud

PIXMA Cloud Link provides PC-free printing solution. Print your photos from online albums such as CANON iMAGE GATEWAY or Google's Picasa directly from the printer.

PIXMA MX895 also includes Google Cloud Print capability which allows you to print your Google Docs or Gmail attachments wirelessly from your smartphone or tablet. This means that no matter where you are you can print your important documents and know that they will be waiting for you when you return to your home or office.
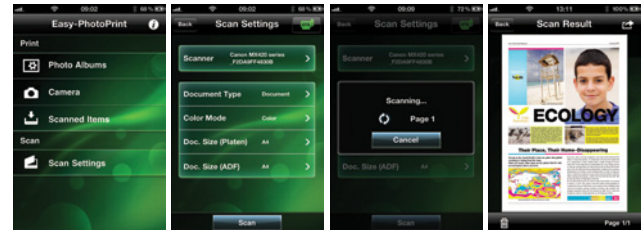

Easy sharing

Wi-Fi and Ethernet connectivity make it simple for everyone to share in the productivity the PIXMA range offers. Printing and scanning are possible from virtually anywhere in the home or office.

Anytime, anywhere printing for your mobile devices

Work where its convenient for you. Apple® AirPrint™ allows you to wirelessly print from any of Apple's portable devices, such as an iPhone, iPad and iPod touch® (iOS 4.2 or above).

Additionally, with the free Canon Easy-PhotoPrint App you can print photos wirelessly from your Apple or Android device. You can also scan documents directly from the printer to your smartphone or tablet for true flexibility.

✄ PIXMA MX375

Affordable, compact All-In-One that handles everything with ease.

FEATURES

Print, copy, scan and fax for the home office

Compact and stylish design with FastFront

Superior-quality prints up to 4800 dpi, with min. 2pl ink droplets and FINE cartridge technology

Fully integrated 30-sheet Auto Document Feeder for fast scanning, copying and faxing of large documents

ISO ESAT 8.7 ipm mono / 5.0 ipm colour print speed plus Quick Start

ISO A4 copy: 23 seconds

Precise control of web printing with Easy-WebPrint EX

Enhance legibility of scanned documents with Auto Document Fix

Print quality photos from movies captured on select Canon cameras with Full HD Movie Print

Access CREATIVE PARK PREMIUM when used with genuine inks

✄ PIXMA MX435

Compact, Wi-Fi All-In-One that handles everything with ease.

FEATURES

Print, copy, scan, and fax from anywhere in the home or office with built-in Wi-Fi and support for Apple AirPrint

Sleek and stylish all-black design with FastFront

Superior-quality prints up to 4800 dpi and min. 2pl ink droplets

Fully integrated 30-sheet Auto Document Feeder for fast scanning, copying and faxing of large documents

Efficient ISO ESAT 9.7 ipm mono / 5.5 ipm colour print speed plus Quick Start

ISO A4 copy: 21 seconds

Scan PDFs and JPEGs straight to USB memory – without a PC
