ColorSphere

Print office documents and marketing material in brilliant color with crisp detail on a range of papers, and watch productivity soar with print, copy, scan, and fax¹ functions integrated into one reliable device.

Brilliant color out of the box

- Get more done. Print color and black-and-white documents at speeds up to 31 pages per minute (ppm) with the HP Color LaserJet 4700 series printer and up to 30 ppm with the HP Color LaserJet 4730mfp series. The HP Color LaserJet 4730mfp series offers high-performance faxing, copying, and effective scanning to e-mail. The color laser MFP supports multiple workflows and improves the productivity of demanding workgroups.¹
- Achieve dazzling results. Building on the previous toner generation's outstanding quality, new HP ColorSphere toner works with the product to improve the overall print quality and increase gloss. Get intense colors with subtle transitions for more realistic images.
- Gain the attention you deserve. HP gives you the edge with HP ImageREt 3600: a suite of technologies that includes new HP ColorSphere toner, image enhancements, intelligent calibration, and HP Smart printing technology.²
- Count on HP print cartridges with HP ColorSphere toner.
 HP cartridges ship installed and ready to print. New
 HP ColorSphere toner produces fast, brilliant results for
 black text and vivid images. With the cartridge, toner, and
 imaging drum in one supply, you refresh the imaging
 system when cartridges are replaced, ensuring consistent
 print quality.

Easy for IT and end users

- Enjoy best-in-class HP Jetdirect embedded networking.
 Transfer information quickly and reliably for increased
 efficiency. HP Web Jetadmin offers remote installation,
 configuration, and proactive management—including
 color control. The HP Embedded Web Server performs
 remote diagnostics, sends e-mail alerts, provides job
 tracking and accounting, and automates supplies ordering.
- Let the device work for you. HP Smart printing technology² works with the device and HP print cartridges to make automatic adjustments for reliable, consistent results every time you print. Simply and conveniently replace cartridges with HP SureSupply™ shopping and online ordering.³

Expandable functionality

- Take a break from reloading paper. The HP Color LaserJet 4700 series printer offers an amazing input capacity of up to 2,600 sheets, and the HP Color LaserJet 4730mfp series handles your busy workgroup with an input capacity of up to 1,600 sheets. Both products feature a 100-sheet multipurpose tray and 500-sheet input trays—use each tray for a different paper type to minimize interruptions.¹
- Effortlessly deliver finished output. With scalable finishing features you'll save time and your documents will look great. Add the stapler/stacker with job offset to the HP Color LaserJet 4700 series printer to staple your documents or separate print jobs for easy retrieval. For the HP Color LaserJet 4730mfp series, choose the 500-sheet stapler/stacker to staple up to 30 pages or the 700-sheet 3-bin mailbox to assign print, copy, and fax output to different mailboxes, or assign users to each tray.¹
- Boost productivity with a multifunction product.¹ The
 HP Color LaserJet 4730mfp series delivers the same great
 printer capabilities as the HP Color LaserJet 4700 series
 printer, plus offers your workgroup easy, high-quality
 two-sided scanning, copying, and fax via the automatic
 document feeder (ADF).

Preserves your budget

- Realize the advantages of color without risking the
 expense. HP color access controls help you protect your
 investment while reaping the benefits of color. Enable or
 disable color by individual users or groups, or disable
 color printing entirely. The HP Color LaserJet 4730mfp
 series also offers color copy lockout and PIN-restricted
 access to color that disables unnecessary color usage.
- Depend on HP durability. Designed to handle the demands of your productive workgroup, the product features a longlasting fuser and image transfer belt.

HP printing and imaging systems help you create powerful, professional communications easily. Imaging devices, supplies, accessories, and services are designed together to work together and are invented to meet your business needs.

Standard features vary according to model. For more information, see "Technical specifications" on page 5.

Using genuine HP supplies ensures availability of all HP printing features.

HP Color LaserJet 4700 series printer

- 750-sheet stapler/stacker with job offset staples up to 30 sheets for instant reports or presentations
- Automatic two-sided printing at full engine speed
- 3 100-sheet multipurpose tray handles heavy custom media up to 58 lb bond (220 g/m²)
- 4 Five universal 500-sheet input trays support paper up to 32 lb bond (120 g/m²)
- 5 Control panel simultaneously displays up to four lines of text and animated graphics
- 6 Front door allows convenient access to all four HP print cartridges and supplies
- 7 40 GB HP high-performance embedded hard disk
- 8 544 MB total memory quickly and easily handles complex print jobs
- 9 Hi-Speed USB 2.0 port
- 10 Host USB accessory port
- 11 Bidirectional IEEE-1284-C parallel port
- 12 HP Jetdirect Fast Ethernet embedded print server
- 13 Two open EIO slots

- HP LaserJet MFP Analog Fax Accessory 300

Get the best-in-class color laser solution that meets your workgroup's demanding performance and print quality needs.

Vivid color and powerful performance

If you want brilliant print quality that exceeds your expectations every time you print, but you don't want to make a lot of adjustments or sacrifice fast printing speed and flexible features, then the HP Color LaserJet 4700 series printer and HP Color LaserJet 4730mfp series offer just what you've been looking for. For vibrant color documents and expandable paper-handling capabilities, choose the HP Color LaserJet 4700 series printer, with an input capacity of up to 2,600 sheets as well as finished output with the optional 750-sheet stapler/stacker with job offset.⁴

The HP Color LaserJet 4730mfp series expands on the performance and output quality of the HP Color LaserJet 4700 series printer by offering the ability to copy, scan, fax, and digitally send documents to e-mail or network folder (you cannot upgrade the printer to include these features). The MFP also offers a standard input capacity of up to 1,600 sheets and a choice of paper-handling output solutions with the 700-sheet 3-bin mailbox or the 500-sheet stapler/stacker.4

In-house color marketing

Print short-run color documents in-house, quickly and affordably. When you print materials in-house, you have control over the process: you ensure that printing is effective, efficient, and affordable, and that any private company information stays safe. Printing frequently updated materials on-demand, such as promotional material or brochures, means that you can make changes at a moments notice and never waste printed material due to obsolete information. You also save the time and cost of inventory management.

Companies ranging from small to large report that HP's affordable, best-in-class color solutions deliver money to their bottom line. Some ways, such as improving your image and adding impact to marketing publications, are indirect, while others are direct and measurable, such as productivity gains and tangible cost savings with in-house color printing.

New HP ColorSphere toner

With HP ColorSphere toner and the HP Color LaserJet 4700 series printer and the HP Color LaserJet 4730mfp series printer, your prints will shine with uniform gloss and a dynamic range of color. The new toner features gloss levels that are significantly improved over previous HP color toners when printing on glossy paper. Improved melting and fusing technologies work in sync with the toner to enable superior toner release and flow. The result is brilliant, intense colors and excellent photo quality output for your business documents.

HP's new color toner enables a finer range of colors because each toner particle conforms to an extremely consistent size and shape. This consistency allows particles to be placed on the page with the precision needed to produce a wide range of colors with the most subtle differences in shading.

HP ColorSphere toner is also designed to enable faster printing time. The toner particles are chemically grown around an optimally sized wax core, producing particle sizes that are designed to work with HP's fusing technology for faster printing without sacrificing quality.

Intelligent printing

Designed with office workgroups in mind, the product is simple to install, use, and maintain.

- Integrate documents into workflows with the HP Color LaserJet 4730mfp series. Building on the MFP's embedded scanning functionality, optional HP Digital Sending Software 4.0 facilitates document workflow and enhances business communications by enabling Optical Character Recognition (OCR), and sending to shared network folders and fax services, including LAN fax, Internet fax, and Windows fax services.
- The HP Color LaserJet 4730mfp series touch-screen control
 panel has an integrated design to monitor and operate the
 device. Employed across several HP MFPs, this intuitive
 control panel provides users of HP MFPs with a familiar
 walk-up experience. The HP Color LaserJet 4700 series
 printer control panel offers complete, timely information
 about the printer and print jobs. Designed for quick and
 easy troubleshooting, the control panel displays up to four
 lines of text and animated graphics simultaneously.
- An always-on, internal clock improves product availability for both the HP Color LaserJet 4730mfp series and HP Color LaserJet 4700 series printer. Once you enter the date and time in the control panel, the product can be configured to automatically wake up from sleep mode so that it is ready to work when you are.

HP color management tools

The HP color access control solution makes color printing and copying more affordable than ever by helping you control who uses color and when they use it:

- Control color copying. Color copy lockout allows IT administrators to password-protect the HP Color LaserJet 4730mfp series as a black-and-white-only copier, so you can control when and how color is used in your workgroup.
- Assign color access to specific users or workgroups. Use
 either your printer's embedded Web server or HP Web
 Jetadmin's fleet configuration capability to designate who
 has access to color printing. That way, people who truly
 need color—such as your sales team and marketing
 department—can use it.
- Assign color access by application. Designate certain applications for printing color and others for printing black-and-white to ensure that users only print color on their most important print jobs and that other printouts such as Web pages—are always black-and-white.
- Shut down color completely or temporarily disable color capability. Disable color printing on shared printers locking out all individuals and workgroups—so you can save your color resources for special projects or seasonal needs. HP Web Jetadmin's Print Driver Pre-configuration Plug-in lets IT Administrators set users' print settings to control color printing by print queue.
- Track color use by job, by user, and by device. HP Web
 Jetadmin's Report Generation Plug-in generates real-time
 and periodic usage reports that make it easy to track color
 use by job, by user, and by device. Plus, it allows you to
 easily allocate costs to individual departments.⁵

Standard features vary according to model. For more information, see "Technical specifications" on page 5.

⁵ Billing solutions are an optional feature available at an additional cost through HP's solution partners.
