

The Working Tool for all day Performance

CIRCLE™ - SC 260

SC 260

Sennheiser SC 260 is a robust, double-sided, wired headset designed for demanding professionals in Contact Center and Office workplaces.

Sound leadership

With Sennheiser Voice Clarity and noise-cancelling microphone, the SC 260 optimizes speech intelligibility in noisy environments to deliver a clearer, more natural conversational experience during calls.

Quality design

Built to last, the SC 260 is with its durable construction designed for years of continuous use. Its lightweight, metal reinforced headband with numbered grooves gives a personalized fit and a fully adjustable, bendable boom arm positions the microphone perfectly.

User focus

Designed for all day use, the SC 260 features CircleFlex® dual-hinge ear cups with ear pads in soft acoustic foam with

leatherette cover for user flexibility and long-lasting user comfort. For flexible use, the headset features an Easy Disconnect cable. Sennheiser ActiveGard® technology protects users from acoustic shock and sudden sound surges. Additionally, a nylon carry pouch for transport or storage is included to protect the headset when not in use.

Features and Benefits:

- Sennheiser Voice Clarity - wideband sound for a natural listening experience
- Noise-cancelling microphone - filters out ambient noise for optimum speech clarity
- Best-in-class comfort - CircleFlex® dual-hinge ear cup system adapts seamlessly to your ears for perfect fit
- Acoustic foam ear pads with soft leatherette cover - for user flexibility and all day wearing comfort
- Adjustable fit - numbered headband grooves for step-by-step adjustment for perfect fit every time
- Unique robust design - crafted with look and feel in mind
- Built to last - its durable construction with lightweight, metal reinforced headband is designed for years of continuous use
- Bendable boom arm - ensures optimal microphone position all day long
- Flexible microphone placement - the pivotable boom rotates through 350 degrees for wearing on either right or left ear
- Name tag personalization - easy user ID helps to avoid wearing a neighbor's headset
- Easy Disconnect - disconnect the headset from the bottom cable on the ED plug for flexible use
- Sennheiser ActiveGard® - technology protects you from acoustic shock and sudden sound surges
- Protective nylon carry pouch - for easy storage or transport

Product Information

Product name	SC 260			
Art. No.	504402			
EAN No.	40 44155 051360			
UPC No.	6 15104 18111 3			
Product description	Binaural HS			
General Data				
Wearing style	Headband, binaural (dual-sided)			
Cable length	1.0 m / 3.28 ft			
Weight of headset	86 g / 3.04 oz			
Weight of headset, cable and connector	104 g / 3.67 oz			
Connector	Easy Disconnect			
Color	Black with silver			
Microphone				
Microphone type	Noise-cancelling			
Frequency response	150 – 6,800 Hz			
Speaker				
Frequency response	50 – 18,000 Hz			
Sound pressure	Max. 103 dB limited by ActiveGard®			
Packaging				
Dimension of product packaging (W x H x D)	153 x 200 x 59 mm / 6.03 x 7.88 x 2.32 in			
Package weight (incl. complete product and packaging)	212 g / 7.48 oz			
Units in distributor master carton	20			
Master carton weight incl. products	5.2 kg / 11.46 lbs			
Dimension of master carton (W x H x D)	352 x 315 x 416 mm / 13.87 x 12.41 x 16.39 in			
Unit pack/end user	1			
Content of delivery

Experience Sennheiser

Perfection is always relative: Users have different expectations from their headsets and speakerphones depending on their needs. For professional users, that need is to communicate as effectively as possible.

With Sennheiser's range of headsets and speakerphones, the combination of Sennheiser sound leadership, quality design and build – and a focus on real life usability – give the best performance possible in offices, call centers and Unified Communications environments.

Please visit us at: www.sennheiser.com/cco

Sennheiser is one of the world's leading manufacturers of headphones, microphones, wireless transmission systems and high-quality headsets and speakerphones for both business and entertainment.

Drawing on the electro acoustics expertise of Sennheiser and the leading hearing healthcare specialist William Demant, Sennheiser Communications' wireless and wired headsets for contact centers, offices and Unified Communications professionals are the result of Sennheiser's and William Demant's joint leadership in sound quality, design, wearing comfort and hearing protection.
