AN TURNBULL & JONES LTD.

D.1.

GRUNDIG)

the world's most popular time savers

Executive-styled office dictation/ transcription machine with ensured split second accuracy for recording. Tape cassettes take 25 minutes recording, spools up to 45 minutes. Full remote facilities (start/stop/ backspace/record/playback) on the microphone. Adjustable sensitivity allows personal or conference recording.
Automatic erase or alteration via re-recording. Fast erase.
Accurate scale indicates precise tape position. Unit is all transistorised.

Typist transcription from the same unit by means of start/stop

backspace, foot or hand control and earphone. Adaptor available for recording telephone conversations.

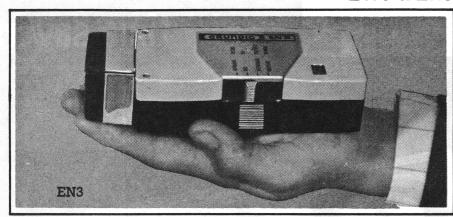

DIMENSIONS: 12½ x 10¾ x 4½ ins; weight: 13½ lbs approx.

GRUNDIG

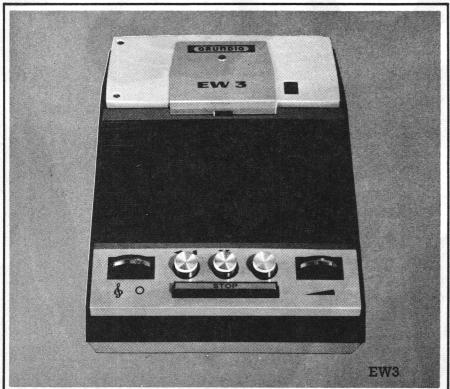

GRUNDIG

EW3 & EN3

The hand-sized EN3 cassette's recording time (reversible cartridge 702) is 44 minutes. It has a single control button for all operations. Recordings may be transferred on to the Grundig L/WE for stenographic reproduction. Weight including batteries (3 std. 1015 units) approx 14 ozs. Running cost 39 cents for 10 hours.

In the office, the mains operated EW3 playback unit has all facilities for typing the instant-loading EN3 tape cassette. EW3 has remote foot or key-board control, instant start/stop/rewind — fast erase for complete security, an internal speaker for replay of tapes at conferences.

DIMENSIONS: 8 x 5½ x 2½ ins; weight: 4½ lbs with cassette.

EN7

Hand-sized dictating machine (recording time, with midget twin cartridge 720, 20 minutes). Has single control button for all operations. Battery 2 x 1.5 V. Weight-including battery, approximately 9 ozs.

Recordings may be transferred on to the Grundig L/WE for stenographic reproduction.

DIMENSIONS: 4 x 2½ x 1 ins.
