High quality import Safe lithium battery

2000mAh long-lasting battery life, to meet
the basic needs of use

Every detail is very good

01

- **8 adjustable LEDs**

Using high-brightness natural light LED lights, the brightness can be adjusted

02

- **Non-slip silicone base**

Anti-collision and shock absorption,
light material, good toughness,
compression and wear resistance

03

- **Liftable stand**

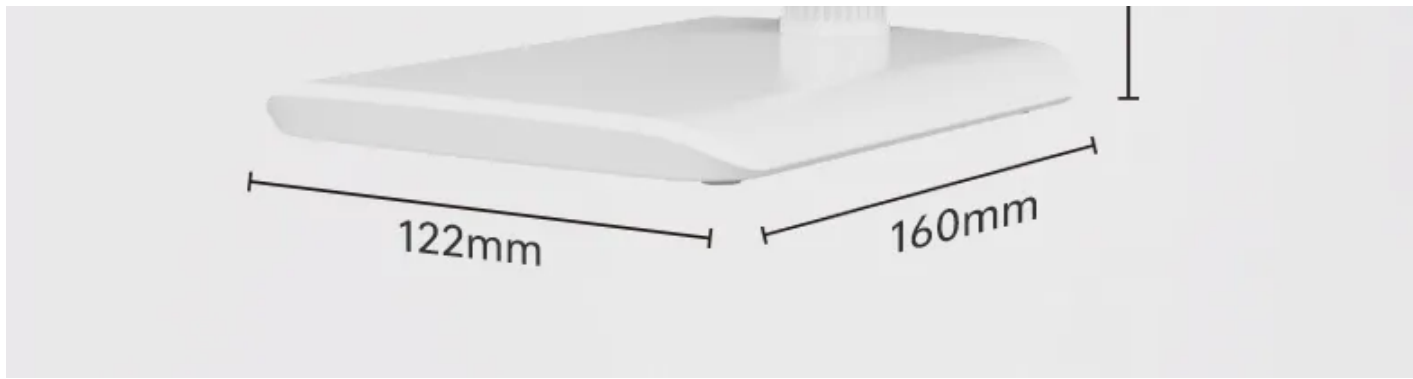

Flexible adjustable bracket,
height can be adjusted freely
according to needs
