# Highlights

## Free calls worldwide

Use your VOIP phone to call via Skype wherever you are. With Skype you can enjoy making free calls all over the world to any other Skype users. Skype and SkypeOut are trademarks of Skype Limited.

## Direct Skype key

With a single press of the Skype key, you can access your Skype contacts list directly. The list of users currently logged on to Skype is displayed and you can see their online status. This Skype key also enables you to take the line (once the contact is selected) and to make a Skype call (Skype & SkypeOut).

## Universal telephone

This dual phone enables you to make calls via the Internet and/or\*\* via a normal landline with the mobility, voice quality & ease of use of a cordless phone. \*\* If you have two handsets, you can make an Internet call while the other handset makes a landline call.

## Low call cost via SkypeOut

SkypeOut is a low-cost way to make calls from Skype to friends who still use a traditional landline or mobile phone. Skype and SkypeOut are trademarks of Skype Limited. Windows XP/2000 through Broadband. PC should be switched on and Skype connected.

## Skype contacts list anywhere

Enjoy making free calls over the Internet without sitting in front of your computer. You can see your Skype contacts list directly on your handset.
