

The KONICA 7040

A Networkable 40ppm Printer/Copier/Scanner

The Konica 7040 is the latest in digital document production. Its high-end features satisfy the demands of a mid-volume environment. Whether it's used as a network printer, a digital copier or a network scanner, the 7040 delivers a high level of performance that truly enhances workplace productivity. The 7040 is designed from the ground up with one thought in mind: to help you with all your document production needs.

7040 Highlights

- Integrated 40ppm Printing/Copying/Scanning
- Stackless Duplexing
- Intuitive Touch Screen Control Panel
- Real-Time Document Processing
- Job Management List
- Page Printer/Document Printer
- Real-Time Scan Technology
- Network Scanner/Recollect® Compliant
- Multi-Bin Finisher/Cascading Finisher
- 8-Position Stapling
- Flash ROM Upgradability

THE KONICA 7040

7040

PRINTER / COPIER / SCANNER

The Konica 7040 is ideal for the mid-size workgroup or connected office with high-end needs. It prints, copies or scans at 40 pages-per-minute, with features that put high-volume productivity within the reach of mid-volume users. Intelligence has been engineered into the 7040, making it a perfect fit for workgroup printing, copying and scanning. The 7040 is technology that gives users the power to do more.

FEATURES

Real-Time Document Processing:

With up to five copy reserve jobs and five print reserve jobs, your office will never slow down. And if you're really in a hurry, the Job Interrupt feature, gives you immediate access to more important work.

Job Management List:

View, reprioritize or delete jobs directly from the copier. Note: this capability can be disabled for security.

Page Printer/Document Printer:

With the optional IP-402 print controller, the engine can handle both page printing and document printing. If you need to print multiple sets or one set, the 7040 delivers.

Real-Time Scan Technology:

The 7040 features dual scanning partitions, which means you can scan a document from either the document feeder or the platen. When scanning from the document feeder the scanner remains in a fixed position. Moving the documents over the feeder reduces the number of moving parts and dramatically increases performance and reliability.

Network Scanner/Recollect® Compliant:

Optional network scanning, enables you to scan documents over the network right from your copier. For document management, the 7040 will be Recollect® compliant later this year.

Multi-Bin Finisher/Cascading Finisher:

Three output trays allow you to send reserved jobs to a different output tray from jobs in progress. The cascade feature provides unlimited finishing capacity with minimal user intervention.

8-Position Stapling:

Two staple heads and auto-image rotation provide you with eight different staple positions.

Flash ROM Upgradability:

No more changing EPROMS, the 7040 can be upgraded from a notebook computer. Customize the 7040 to meet your needs—as quickly as a few keystrokes.

KONICA 7040 SPECIFICATIONS

Configuration		Console
Type		High-Speed Single Beam Laser Imaging
Print Resolution		Selectable 400-600 dpi
Grayscale		2-256 levels
Duty Cycle		100,000
Engine Speed		40 pages-per-minute
Standard Memory/Maximum Memory		16 MB/80 MB
Reduction/Enlargement		35% - 400%
Max Paper Capacity (with optional LCT)		2,600 Sheets
Max Paper Sources (with optional base)		5 Paper Sources (Including Smart Bypass)
Tray 1 Standard		500 Sheets
Drawer Base Options		
Drawer Type	Tray	
DB-608	Tray 2	500 Sheets
	Tray 3	1,500 Sheets
	Tray 4	500 Sheets
DB-208	Tray 2	500 Sheets
	Tray 3	500 Sheets
	Tray 4	500 Sheets
Smart Bypass Tray		100 Sheets
Mini-Max Paper Size		5.5" x 8.5" - 11" x 17"
Mini-Max Paper Weight		16 - 32 lb. Bond
Automatic Duplex		Standard/Stackless
Duplex Modes		Short Edge Bind, Long Edge Bind
Paper Sizes		5.5" x 8.5" - 11" x 17"
Capacity		Unlimited
Electrical Requirements		120V, 20A Dedicated Line
DOCUMENT FINISHER SPECIFICATIONS		
Total Finisher Capacity		1,100 Sheets
Top Tray Capacity		100 Sheets
Middle Tray Capacity		500 Sheets (300 Sheets 8.5" x 14" - 11" x 17")
