## HD CAMERA

### Instruction

**Caution**  
**RISK OF ELECTRIC SHOCK**  
**DO NOT OPEN.**

Be careful:

To reduce the risk of electric shock, do not open the camera's shell (or back cover); parts of the operation of the user are in the camera's surface, request to help qualified professional maintenance.

### Note:

- ◆ Do not use hand CCD or contact lens;
- ◆ Don't let the camera be the onslaught;
- ◆ Please use the stabilized voltage supply (DC12V);
- ◆ Don't let the camera directly against the strong light;
- ◆ Avoid the instability of local installation (shaking, moisture; heat, cold, etc.);
- ◆ Avoid using, outside the temperature of the following conditions: temperature of 20°C ~ 50°C, humidity; less than 85%;
- ◆ Any installation and assembly issues, please contact the sales staff.

### Super function:

- ★ Powerful digital white balance function;
- ★ Humanized design, use more convenient;
- ★ Super electronic shutter function, automatic gain control;
- ★ Digital noise reduction technology, with high quality of signal to noise ratio;
- ★ With high quality aperture lens, ensure the image effect;
- ★ High precision optical transparent cover, transmittance increased by 40%;
- ★ Internal zinc alloy assembly, good heat dissipation, solid and shock, long service life;
- ★ Super light sensitivity, in the very low light conditions can also capture high quality and not produce images;
- ★ Progressive dynamic scanning CCD, can be obtained in the harsh environment of high resolution images.
