

Pacenter™ **D-SODR™ system** **MODEL PC-20**

Compact, Fully Self-Contained Power Desoldering System

The new, Pacenter™ Series PC-20 D-Sodr System is a lightweight, compact and completely self-contained power desoldering system. Incorporating Pace's all-new "whisper quiet" mini-pump, the under-7½-pound system provides true low-cost operation with the same high performance that's now standard with all Pace desoldering systems.

The PC-20 features the highly efficient Pace Sodr-X-Tractor™ handpiece with exclusive "Thermo-Drive" heat control. The compact power source provides a variable AC output for precise tip-temperature control, zero-leakage vacuum supply with quick-connect vacuum output, dual, high-visibility filtration system including the new plug-in "Visi-Filter," auxiliary ground lug, and convenient footpedal-controlled operation.

For convenience, a hot cubby is provided for holding the Sodr-X-Tractor handpiece, and an assortment of long-life Pace Super Tips is furnished with each system.
