

## Quickset Adjustable Torque Screwdrivers

Torque range from 0.2 to 9 N.m

Quickset Adjustable Torque Screwdrivers are calibrated scale tools that can be used for the accurate and consistent application of torque in any manufacturing, engineering or servicing environment. Their adjustability and wide range of torque make them

suitable for a broad range of applications. These tools are durable, easy to use and the unique Slipping Technology means that the risk of over or under tightening is eliminated.

Quickset 6 FH

T-Bar is not included with the Ergo Quickset Screwdriver Range

**Slipping Mechanism**  
Incorrect tightening is impossible

### INDUSTRY SECTORS

Maintenance & Repair

Aerospace

Electronics

Military

Consumer Products

## Quickset Adjustable Torque Screwdrivers (ISO and Imperial Scales)

### Absolute accuracy and consistency.

Accurate process control is ensured by eliminating under and over tightening due to the unique Slipping Technology

**Calibrated scale.** A visible scale allows the user to adjust the tool to their desired torque setting, enabling a range of different torque settings to be applied

**Ease of use.** Tools can be used with confidence by operators at any skill level, due to unique slipping mechanism

**Easy to set up.** Fast and accurate to set, using the quick and clear to read micrometer style setting scale

**Improved production quality.** Accurate torque application reduces the likelihood of warranty and rework

### Increased production efficiency.

Increased operator comfort and productivity, from the smooth reset action of the tool and the ergonomic design

**Long tool life.** High quality, robust construction. Many years of dependable service are provided by the robust design and hard-wearing materials, that include stainless steel and aluminium

**Operational versatility.** These versatile tools are ideal for a wide range of applications, due to their adjustability and wide torque range

## Additional features

Accessories. **See pages 84-95**

EPA compliant alternative available. **See page 32**

Optional Lock On T-Bar for larger models of screwdriver, provides extra leverage when required. (Order Code: P29530)

Tool can be kept accurate and up to date with our Calibration service. **See page 98 for details**
