## WARNING

DO NOT OPERATE THIS DEVICE BEFORE READING ALL OPERATING PROCEDURES. DO NOT OPERATE THIS DEVICE CONTRARY TO THE INSTRUCTIONS CONTAINED IN THIS MANUAL.

USE EXTREME CARE WHEN OPERATING THIS DEVICE (OR ANY SIMILAR DEVICE) IN THE PRIMARY FIELD OF POWER LINES. THIS IS ESPECIALLY TRUE WHEN THE CONDUCTORS ARE PHYSICALLY CLOSE TO THE OPERATOR, SUCH AS IN SWITCH YARDS AND AT THE TERMINALS OF GROUND-MOUNTED TRANSFORMERS AND BREAKERS. WHEN GAP-TYPE NOISE IS PRESENT, IT IS NOT NECESSARY TO GET PHYSICALLY CLOSE TO THE SOURCE TO PIN-POINT IT.

MAKE EVERY MOVE WITH THOUGHT AND CARE. FAILURE TO USE CARE WHEN IN CLOSE PROXIMITY TO ANY KIND OF ELECTRICAL POWER EQUIPMENT CAN RESULT IN INJURY OR ELECTROCUTION.
