

**Fastener Kit**

Comprises 10 x M6 cage nuts and screws and is used for all accessories.  
11180025

**Multipurpose Base**

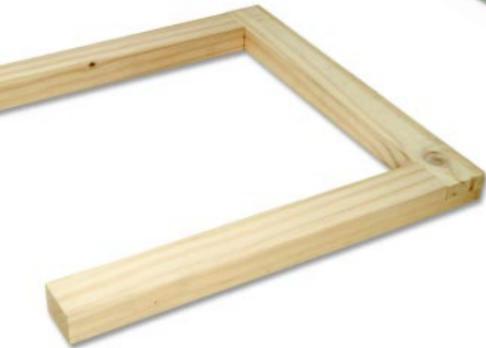

Multipurpose base allows 600mm or 800mm deep cabinets to be mounted 80mm off the floor to allow cable access under the cabinet frame.

- Multipurpose Base - 600 x 600, 19" Coke 11180108
- Multipurpose Base - 600 x 800, 19" Coke 11180109
- Multipurpose Base - 700 x 800, 23" Coke 11180110

**Multipurpose Base Wheels**

Combining a multipurpose base with this heavy duty wheel set provides mobility for an E, Q or M cabinet, regardless of height.  
11180111

**Timber U Base**

The timber bases allow 600mm or 800mm deep cabinets to be mounted 50mm off the floor to allow cable access under the cabinet frame.

- Timber U Base 600 11820003
- Timber U Base 800 11180027

**Timber Pedestals**

The timber bases allow 600mm or 800mm deep cabinets to be mounted 50mm off the floor to allow cable access under the cabinet frame. The pedestal also provides a covered cable way across the floor to the cabinet.

- Timber Pedestal - 600 11820004
- Timber Pedestal - 800 11820006
